

Activity – Report

Name of Activity	: Internal Guest Lecture
Title of the Lecture	: Advanced pipelining and parallelism for Computer Architecture
Name of the Resource Person	: Mr.V.Ilayaraja
Designation and Address	: Assistant Professor Department of Computer Science and Engineering Shanmuganathan Engineering College, Arasampatti.
Date	: 03.06.2022
Target Audience	: All CSE students
Number of Students / Staff	: 102 / 8
Venue	: Lab III

Summary of the Lecture

:

Mr.V.Ilayaraja gave a Lecture on “Advanced Computer architecture” and basic introduction about computer architecture. He gave a clear Idea of what is computer architecture, It enables one to understand Processor and control unit.

He discussed the importance of computer architecture. He then explained about the parallelism and concept of speculation, static multiple issue. He illustrated the different types of SIMD and MIMD architecture. Finally he ended up the session with providing more information on practical applications of computer architecture and its importance deals with organization, architecture and the use of the newest general micro processors and the latest research developments in computer architecture.

Internal Guest Lecture : Mr.V.Ilayaraja AP/ CSE explained about Advanced Computer Architecture

Activity – Report (EVEN SEM 2021-2022)

Name of Activity	: National Level Technical Symposium
Title of the Event	: Technopedia'22
Chief Guest	: Dr.M.Sridevi, M.E.,Ph.D.,
Designation and Address	: Assistant Professor, Department of Computer Science And Engineering, National Institute of Technology, Trichy.
Date	: 01.06.2022
Target Audience	: All CSE students & Other College Participants.
Number of Students/staff	: 105 /08
Students Participants from other college	: 108
Venue	: Auditorium & Seminar hall (Room No.106)

Summary of the Events :

A National Level Technical Symposium TECHNOPEdia '2022 was held on 01.06.2022(Wednesday) Organized by Department of Computer Science And Engineering. Mrs.R.Kavitha, Head of the department Welcomed the gathering and felicitates the Chief guest with Shawl and Memento.

Ms.S.Brindha, Final cse, President of BOYCE Association introduced the Chief guest.

DR.M.Sridevi,M.E.,Ph.D., Assistant Professor, Department of Computer Science And Engineering, National Institute of Technology, Trichy, Presided over the function. The Chief guest motivated the students by precious words. She insisted the students to develop their technical skills what they need. She also appreciated the students for organizing the various events in the technical symposium.

There were 7 events in total, 4 technical and 3 non technical events. Totally 108 students have registered for various events from 13 various colleges.

The prizes were distributed to the winners and runners of various Technical and Non technical events during valedictory ceremony.

Ms.G.Cinthamani, Final cse, Secretary of BOYCE Association delivered the Vote of thanks.

Event wise participation

1. Thought presenter – 58 students participated
2. Master Minds – 60 students participated
3. Clear the Red – 48 students participated
4. Catch the flag – 8 students participated
5. Jollywood – 20 students participated
6. How do I tell You – 33 students participated
7. Spot your plot – 8 students participated

Activity – Report

Name of Activity : External Guest Lecture
Title of the Lecture : Virtual Reality Technology
Name of the Resource Person : Dr.M.Sridevi, M.E.,Ph.D.,
Designation and Address : Assistant Professor,
Department of Computer Science And Engineering,
National Institute of Technology, Trichy.

Date : 01.06.2022

Target Audience : All CSE students

Number of Students / Staff : 102 / 8

Venue : Auditorium

Summary of the Lecture :

Dr.M.Sridevi, M.E.,Ph.D., gave a Lecture on “Virtual Reality Technology” and basic introduction about image processing. She gave a clear Idea about the technologies used image processing.

She discussed the importance of virtual reality technology. She then explained about the generated environment with scenes and objects that appear to be real, making the user feel they are immersed in their surroundings. Finally she ended up the session with providing more information on practical applications of image processing and the latest research developments in augmented reality. She explained the differences between all the reality technology.

The major topics covered in the seminar was “virtual reality, augmented reality, Implanted reality”.

Chief guest :DR.M.Sridevi,M.E..Ph.D., Assistant Professor, Department of Computer Science And Engineering, National Institute of Technology, Trichy.

Name of the Activity : Technical Seminar by III CSE.

Details of Seminar:

S.NO	YEAR/SEMESTER	NAME OF THE STUDENTS	TITLE
1	III/VI	Mr. M.MuthuKumar Mr. R.Selvendran	ADVANCED APPLICATIONS OF ARTIFICIAL INTELLIGENCE
2	III /VI	Mr. R.Tamilmurasu Mr. M.Suryakumar	MECHANISMS AND ALGORITHMS USED IN INFORMATION SECURITY
3	III /VI	Ms S.Dhanam Ms T.Valarmathi	CREATING STYLE SHEETS IN WEB DEVELOPMENT

Date : 20.05.2022
Target Audience : All CSE students
Venue : Room No: 403

Summary of the Technical Seminar:

The Technical Seminar contest was organized under BOYCE Association Activity. There were three topics presented. Presentation was very innovative and students learned about their topics were presented. Clarified their queries about the presentation topics.

The first topic presented was "ADVANCED APPLICATIONS OF ARTIFICIAL INTELLIGENCE" by third year students "Mr. M.MuthuKumar & Mr. R.Selvendran". They elaborated the advanced applications of artificial intelligence. They discussed about the dataset used for artificial intelligence. They also explained about the various applications used in artificial intelligence in various fields. Artificial intelligence used for Marketing, Banking, Finance, Agriculture, Chatbots etc., In Banking .AI has developed an AI-Based chatbot called EVA.

Mr. M.MuthuKumar & Mr. R.Selvendran, III Year CSE ,Technical Seminar on "advanced applications of artificial intelligence"

The second topic presented was **"MECHANISMS AND ALGORITHMS USED IN INFORMATION SECURITY"** by third Year students Mr. R.Tamilmurasu & Mr. M.Suryakumar. They explained about the mechanisms used in information security. They also briefs the students about various methods used in information security. Security mechanisms deals with hiding of data which helps data to become more confidential.

Mr. R.Tamilmurasu & Mr. M.Suryakumar, III CSE, Technical Seminar on "mechanisms and algorithms used in information security"

The third topic presented was "CREATING STYLE SHEETS IN WEB DEVELOPMENT" by third Year students Ms S.Dhanam & Ms T.Valarmathi. They explained about the html tags and their functions. For the web development some of the languages were used html 5,CSS AND JAVASCRIPT. Style sheets were explained with their methodologies and functions to be used. For the web development various style sheets used. Types of style sheets are explained briefly.

Ms S.Dhanam & Ms T.Valarmathi., III CSE, Technical Seminar on "Creating style sheets in web development"

Activity – Report

Name of Activity	: Workshop
Title of the Workshop	: AWS
Name of the Resource Person	: Dr. T. Avudaiappan
Designation and Address	: Senior Consultant AWS Certified Solution Architect PANTECH E-Learning, Thiruchirapalli
Date	: 16.05.2022
Target Audience	: Third Year CSE students
Number of Students	: 32
Venue	: Computer Science Lab II
Summary of the Workshop	:

The resource person Dr. T. Avudaiappan explained the basics and importance about Amazon Web Services.

The resource person demonstrated about AWS, Cloud concepts and global infrastructure of cloud computing. He also covered the following concepts types of cloud computing, EC2 Instance, Elastic Load Balance, Messaging and Queuing, Volume, snap shot and AMI.

The third year students utilized the Workshop and they build their AWS cloud knowledge by learning AWS Cloud concepts, to provide services and architecture by AWS and to provide security for the cloud.

Name of the Activity : Technical Seminar by II CSE Students.

Details of Seminar:

S.NO	YEAR/ SEM	NAME OF THE STUDENTS	TITLE
1	II/IV	Mr. G. Vishnurithan, Mr. N. Aravind	CRYPTO CURRENCY AND BLOCK CHAIN
2	II/IV	Mr. M. NaveenKumar	BIG DATA ANALYTICS
3	II/IV	Ms. R. Veemikha, Ms. G. Ellakiya	HUMAN AUGMENTATION
4	II/IV	Ms. G.Indhumathi, Ms .V. Swathi	BLUE BRAIN

Date : 13.05.2022

Target Audience : All CSE students

Venue : Room No: 403

Summary of the Technical Seminar:

The Technical Seminar contest was organized under Association activity. There were four topics presented. The first topic presented was “CRYPTOCURRENCY AND BLOCK CHAIN” by second year students “Mr.G.Vishnurithan, and Mr.N.Aravind”. They explained the invention and history of crypto currencies and were they are used. Digital currencies were used in this system and it has extreme growth .For security purpose Block Chain technology were used.

Mr.G.Vishnurithan, and Mr.N.Aravind”,II CSE, Technical Seminar on “crypto currency and block chain”.

The second topic presented was "BIG DATA ANALYTICS" by second Year student Mr.M.Naveen kumar. He elaborates about Big data analytics . He explained about the history and characteristics of big data Analytics. He also briefs the students about V's methods of big data and also explained Hadoop framework and their models. Characteristics of Hadoop and their features were explained briefly.

Mr.M.Naveen kumar ,II CSE, Technical Seminar on "big data analytics".

The third topic presented was "HUMAN AUGMENTATION" by second Year students Ms R.Veemikha, and Ms.G.Ellakiya They elaborates about Human Augmentation . They explained about the types of Human Augmentation. They also briefly elaborated the supplementing human activity with their enhancements to be followed. Real time application of human augmentation were explained with their pros and cons. Finally concluded with the innovations of Human Augmentation.

Ms R.Veemikha, and Ms.G.Ellakiya ,II CSE, Technical Seminar on "Human Augmentation".

The fourth topic presented was "BLUE BRAIN" by second year students Ms. G.Indhumathi, and Ms. V. Swathi. They briefly explained about the usage of blue brain and their technologies used. Nano modes will be applied to the human body by using hyper syringe they stimulate the brain and it is done by micro robots. They finally concluded with thinking capacity will be alive minimum 10 years.

Ms.G.Indhumathi, & Ms.V.Swathi, II CSE, Technical Seminar on "Blue Brain".

- Date** : 06.05.2022
- Target Audience** : Second Year CSE students
- Number of Students** : 40
- Venue** : Computer Science Lab II
- Summary of the Workshop** :

The resource person Mr. J. Rajkumar explained the basics and importance about HTML and Cascading Style Sheets.

The resource person demonstrated the procedure to create webpages using HTML and CSS. He also explained how CSS is used to style the webpage contents. Then he demonstrated the decorative features in CSS

The second year students utilized the Workshop and they practiced all in one HTML/HTML5 and CSS/CSS3 suite. They also learnt to apply design to Wireframes with HTML. At the end of the workshop they can be able to build their own HTML5 Video Player, responsive websites with HTML5 and CSS3, HTML5 and CSS3 site design, Website Wire framing with HTML5 and CSS3.

2	IV/VIII	Mr. P. Sethupathy Muneeswaran	Hardware Components of CPU

Date : 08.04.2022

Target Audience : All CSE students

Venue : Room No: 403

Summary of the Technical Seminar:

The Technical Seminar contest was organized under Association activity. There were two topics presented. The first topic presented was "MACHINE LEARNING" by final year students "Ms. B. Bava Preetha & Ms.A.L.Chithra". They elaborate the history and importance of Machine Learning in the current scenario. They discussed about the subsets of dataset used for Machine Learning. They also explained about the various algorithms used and applications of Machine Learning in various fields.

Ms. B. Bava Preetha & Ms.A.L.Chithra, IV Year CSE ,Technical Seminar on "Machine Learning"

The second topic presented was "HARDWARE COMPONENTS OF CPU" by Final Year student Mr.P.Sethupathy Muneeswaran. He elaborates about various components in CPU. He explained about the working procedure of Switch Mode Power Supply. He also briefs the students about various parts of mother board, BIOS chips, CMOS battery, CPU socket and Cooler fan. Then he explained about AMD and Intel processors.

III CSE – 11
IV CSE – 03

Venue : Smart Classroom (Room No.403)

Summary of the Technical Quiz:

The technical quiz competition was conducted as the 2nd event of the association activity. The technical quiz contest was organized under My Idea Program activity. The event was conducted in two phases. In the first phase, multiple choice questions were given to participants through Google forms. Those who passed in the MCQ test, 6 batches of them were selected for the second round of technical quiz. In the second phase, we had conducted 5 rounds. First round is TECHNICAL ROUND, Second round is IMAGE FINDING, Third round is ODD MAN OUT, Fourth round is FIND THE CORRECT ONE, and Fifth round is GENERAL QUESTION. For each round we had given 2 questions for each batch. Based on the highest score we had declared the I place and the next was given II place. At the end of the session, the winners were presented with prizes.

2. S.Pavithra

3RD YEAR

1. Valarmathi
2. G.Sangeetha
3. Solai nandhini
4. C.Karthiga
5. S.Nagu
6. Shruthi priya
7. Vignesh kumar
8. Harini brindha

2ND YEAR

1. Meenakshi
2. Shalini
3. M.Naveen kumar
4. A.Kavitha
5. Vishnu rithan
6. R.Veemika
7. M.Aravinth
8. Abinaya
9. Dhanushiya
10. Muthupandi

Winners of Debugging contest:

I prize - Mr. N. Aravinth, II CSE

II Prize - Ms. S. Dhanusuya, II CSE

Students attending debugging in 'C' – First Round

Students attending debugging in 'C' – Final Round

Title of the Webinar	: Java Enterprise Edition
Name of the Resource Person	: Mr. Nambirajan
Designation and Address	: Java Team Lead, UNIQ Technologies.
Date	: 26.10.2021
Time	: 2.00 PM - 4.00 PM
Target Audience	: Second Year CSE students
Number of Students/staffs	: over 45
Live Video Presentation Via	: Google Meet
Summary of the Presentation	:

Mr. Nambirajan gave a Webinar on Java Enterprise Edition. In his Webinar he discussed about Core java and application-based java. He discussed about HTML for web application.

He explained about Standard Edition Java Platform and Enterprise Edition Java Platform. **He discussed about JVM, JRE, JDK and JDBC driver.** He also explain how to develop web based application by using java and HTML language on NetBeans IDE. Finally he conclude the session by encouraging students to do mini project in the Enterprise Edition Java Platform.

IQAC REPORT OF DEPARTMENT ACTIVITIES FOR THE ACADEMIC YEAR 2021-2022

TECHNICAL SEMINAR- First association activity is held on 17.03.2022, Thursday in ECE Seminar hall, Room no. 315. Second Year, Third Year, Final Year students and all faculty members from department of ECE attended the function. **A.Sivasankarmadheshwar, N. Ramkumar, P.Sivanandhini, and B. Mirudhulla** from the final year presented technical seminar on the topic of **Biometric Voting Machine, Sensor Technology, Inter-Vehicle Communication & Li-Fi** respectively to convey acquired facts to improve the student's professional knowledge.

A.Sivasankarmadheshwar IV ECE presented a paper on Biometric Voting Machine

TECHNICAL QUIZ - Second association activity is held on 24.03.2022, Thursday in ECE Seminar hall, Room no. 315. Second Year, Third Year, Final Year students and all faculties from department of ECE attended the function. The students from ECE department **PL.Vishalatchi (IV year), PU.Subathra (IV year), J.Safrin Nihar (III Year) and A.Raniprabha (III Year)** conducted the Technical Quiz and asked many questions based on ECE subjects to improve the student's professional knowledge.

PL.Vishalatchi, PU.Subathra from Final ECE conducted the Technical Quiz

TECHNICAL SEMINAR - Third association activity is held on **31.03.2022**, Thursday in ECE Seminar hall, Room no. 315. Second Year, Third Year, Final Year students and all faculties from department of ECE attended the function. The students from ECE department **N.Dhivyadharshini (IV Year), PL.Vishalatchi (IV Year), PU.Subathra (IV Year), K.Swarrna amirthaa (IV Year), P.Priyanka (IV Year), J.Safrin nihar (III Year)** presented **TECHNICAL SEMINAR** on the topic of **Massive MIMO , Evolution of Electronics, Surveillance Camera Control System, Nano Technology In Electronics, E-Bombs and Brain Chip** respectively to convey acquired facts to improve the student's professional knowledge.

J.Safrin nihar from Third Year ECE presented a paper on Brain Chip

INDUSTRIAL VISIT - To get practical knowledge and to give an insight into the way things work in the real-life scenario, the Department of Electronics and Communication Engineering arranged an industrial visit on 1st April 2022 to **KEL located in Kochi, Kerala** for the students of final year ECE. Our staff members, Mr.SP.Senthil Kumar & Mrs.A.YasminNihara of ECE accompanied along with the students of final year ECE in this industrial visit. A total of 15 students along with 2 faculty members have joined in this industrial visit.

Final year ECE students visited the KEL located in Kochi, Kerala

GUEST LECTURE - Department of Electronics and Communication Engineering of Shanmuganathan Engineering College organized a **Guest Lecture on “Recent Trends in Electronics and Communication Engineering”** on 23rd April 2022 in Seminar Hall(106). **Dr.D.Sriram Kumar, Professor, National Institute of Technology, Trichy** invited as a chief guest to deliver the special lecture. The lecture was attended by 26 students and 7 Faculty members of the Electronics and Communication Engineering Department.

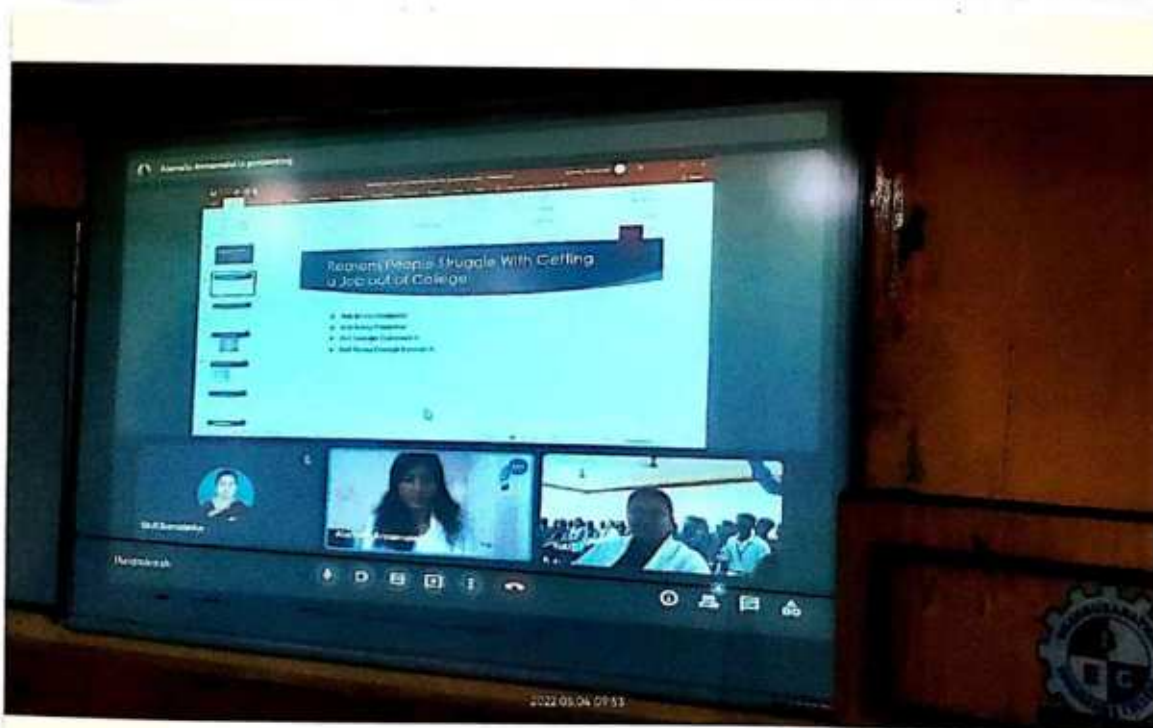

Dr.D.Sriram Kumar, Professor, NITT, delivered a Guest Lecture on “Recent Trends in Electronics and Communication Engineering”

POSTER PRESENTATION - Department of ECE and IQAC organized a **Poster presentation** for second and third-year ECE students on 28.04.2022 at Communication Lab. Totally 6 batches of third-year ECE students actively participated in the event. **L.Bhuvaneshwari and P.Podhumani** presented in the topic of **Mobile Train Radio Communication**. **A.Reavathi and R.Abinaya** presented in the topic of **Internet of Things (IoT)**. **J.SafrinNihar and K.Kapagavalli** presented in the topic of **Organic Light Emitting Diode (OLED)**. **L.Muthukamatchi and R.Sivakami** presented in the topic of **5G technology**. **G.Pargavi and A.Raniprabha** presented in the topic of **Hyperloop Transportation**. **R.AlaguRamanathan and S.Chidambaram** presented in the topic of **Antenna and Propagation**.

Students from third year ECE presented their poster in front of HoD/ECE
WEBINAR - Department of Electronics and Communication Engineering and IQAC of Shanmuganathan Engineering College organized a webinar on “Awareness to get job opportunities after the graduation” on 4th May 2022 in Seminar Hall (106).Ms.Alamelu Annamalai, Service delivery lead, Cognizant Technology Solution, Connecticut, USA invited as a Resource person to deliver the webinar. The webinar was attended by 42 students and 7 Faculty members of the Electronics and Communication Engineering Department.

Ms.Alamelu Annamalai, Service delivery lead, Cognizant Technology Solution, Connecticut, USA delivered a webinar on Awareness to get job opportunities after the graduation

POSTER PRESENTATION - Department of ECE and IQAC organized a Poster presentation for second and third year ECE students on **12.05.2022** at Communication Lab. Totally 5 batches of second year ECE students actively participated in the event. **K.Selvaganesh and P.Krishna** presented in the topic of **Block chain**. **M.Gowtham and K.Praveenraj** presented in the topic of **Bionic eye**. **P.Santhosh and NS.Rahul** presented in the topic of **Electronic skin**. **S.Karthikeyan and R.Bharath** presented in the topic of **GIGA bit wireless technology**. **M.Gokulakrishnan and M.Harishmaran** presented in the topic of **Virtual reality**.

K.Selvaganesh and P.Krishna from second year ECE presenting in the topic of Block chain

TECHNICAL SYMPOSIUM - Department of Electronics and Communication Engineering of Shanmuganathan Engineering College organized a National Level Technical symposium, **SPECTRA'22** on **31st May 2022** in Seminar Hall(106). **Shri.S.P.Thipperudraswamy, Scientist, CSIR – CECRI, Karaikudi** headed over the function. The **SPECTRA'22** was attended by **22 students of various Engineering colleges, 26 students and 7 Faculty members** of our Department.

Shri.S.P.Thipperudraswamy, Scientist, CSIR – CECRI, Guest Speaker delivered an Inaugural address

WORKSHOP - Department of Electronics and Communication Engineering of Shanmuganathan Engineering College and Marcello Tech, Trichy jointly organized an one day workshop on “Internet of Things (IoT) using Arduino” on 6th June 2022 in ECE Seminar Hall (315).

The students with participation certificates along with Experts from Marcello Tech, Trichy and HoD-ECE

STUDENTS ACHIVEMENTS

- ❖ Karpagavalli.K and Muthukamatchi.L, Student, third year ECE have participated District Level Tamil Elocution Contest conducted by Tamil Development Department, Tamilnadu Government held on 3rd June 2022.
- ❖ Safrin Nihar.J, Student, third year ECE has presented a paper and won the first prize in National Level Technical Symposium organized by Government College Engineering, Srirangam held on 8th June 2022.
- ❖ R.Sivagami, Student, third year ECE has participated in Annual Sports Meet and won the Second Prize in Javelin Throw conducted by Shanmuganathan Engineering College held during June 2022.
- ❖ MuthuKamatchi. L, Student, third year ECE has participated in SEC Annual Sports Meet and won the Second Prize in Shot Put conducted by Shanmuganathan Engineering College held during June 2022.
- ❖ Rani Praba. A, Student, third year ECE has participated in SEC Annual Sports Meet and won the First Prize in Chess Tournament conducted by Shanmuganathan Engineering College held during June 2022.

Ms.Rani Praba. A, Student,third year ECE receives prize and medal from Shri.R.Ramakrishnan, I.P.S, Assistant Inspector General of Police Welfare Chennai.

- ❖ Harishmaran.M, Student, second year ECE has participated in SEC Annual Cultural Meet and won the First Prize in Pencil Sketch Drawing conducted by Shanmuganathan Engineering College held during June 2022.

- ❖ **Sarumathi.P**, Student, second year ECE has participated in **Annual Cultural Meet** and won the **Second Prize in Pencil Sketch Drawing** conducted by Shanmuganathan Engineering College held during June 2022.
- ❖ **Safrin Nihar.J**, Student, third year ECE has secured the **First Place in academic performance with 9.4 CGPA** at the **SEC Annual Sports and Cultural Meet**, Shanmuganathan Engineering College held on **16th June 2022**.
- ❖ **Bharath.R**, Student, second year ECE has secured the **First Place in academic performance with 8.86 CGPA** at the **SEC Annual Sports and Cultural Meet**, Shanmuganathan Engineering College held on **16th June 2022**.

Bharath.R, Student, second year ECE receives Prize from **Shri.R.Ramakrishnan, I.P.S**, Assistant Inspector General of Police, Welfare Chennai.

Summary: The Department of Mechanical Engineering organizes a National level technical symposium MECHNOVATION '22 on 4th June 2022. Head of the Department Welcomed the gathering and introduced the resource person G.GOPAL, Founder and Senior Consultant of Excell Group of Companies Pudukottai. The resource person detailed the Entrepreneurship and Development concepts and interacted with students. He comprehensively answered various concepts related to Entrepreneurship. Student feedback was positive and they felt that the session was informative and useful. The Session was very interactive and various engineering college students participated in various technical events. The programme conducted successfully by the Support, Valuable guidance and Encouragement of Principal and Management. Finally Mr.R.Thirnavalavan, Associate professor proposed the vote of thanks.

Mr.G.GOPAL , explaining about Entrepreneurship and Development .

REPORT ON ADDITIVE MANUFACTURING GUEST LECTURE

Shanmuganathan Engineering College, Department of Mechanical Engineering Student Association and IQAC jointly organized Guest lecture on Additive Manufacturing on 30-03-22.

An inspiring guest lecture on the key Technical aspects of “Additive Manufacturing” was held for budding Mechanical Engineering students (For all years) on 30-3-2022 at 3:30 PM in Seminar Hall.. The resource person Dr.N.Siva Shanmugam, Associate Professor, Department of Mechanical Engineering, NIT, Trichy conducted the guest lecture very effectively

During the Lecture Dr. N. Siva Shanmugam discussed in detail about Additive Manufacturing and illustrated about both theoretical and practical applications of Additive Manufacturing.

Dr.N.Siva Shanmugam comprehensively answered various questions related to Additive Manufacturing, Resource person commended the efforts of Shanmuganathan Engineering college for conducting guest lecture by experts to make the students to improve knowledge in advanced areas in Mechanical Engineering.

Student feedback was positive and they felt that the session was informative and useful.

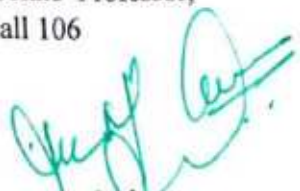

The programme conducted successfully by the Support, Valuable guidance and Encouragement of Principal sir and Management.

Summary of the Guest lecture:	

Ms. T. Vennila, Ms. S. Arthi, Ms. M. Suomaya, Ms. S. Sangavi, of Final year Electrical and Electronics Engineering conducted a technical connection on Electrical Circuits, Electrical Machines and Renewable sources. Students were fragmented as two teams (Team A and Team B). Each correct answer carries 5 marks and each wrong answer carries negative marks per question 1 mark. Students are very eagerly participated and finally Team B won the quiz.

Name of the Activity : Guest Lecture
Title of the Lecture : Energy Conservation
Name of the resource person : Mrs. R. Thaila, M.E., AP/EEE
Date & Venue : 04.05.2022, EE107
Number of Student attended :

Summary of the Guest lecture:

The guest lecture on "**Energy Conservation**" was delivered by Mrs. R. Thaila. She started with the needs of energy conservation and its methods, after that she described general aspects of energy conservation and India facing on the energy demand and supply. Finally the lecture ended with the importance of energy audit. The lecture completed with the student's interaction. At the end of the session Mr. RM. Kumar, Third year delivered vote of thanks.

The guest lecture on "Energy Conservation" was delivered by

Number of Student attended : 48

Summary of the Guest lecture:

Mr. M. Vallatharasu, and Mr. P. Satheesh Kumar, of Second year Electrical and Electronics Engineering presented a seminar talk on “**Hydro Power Plant & Thermal Power Plant**”. They organised the seminar talk in the following topics.

1. Introduction to Power generation
2. Site selection for hydro and thermal power plant
3. Classification of hydro plants
4. Working of thermal and hydro plants

They discussed about the power scenario in India. About 70% power generated is through thermal and 15-20% of power through hydro plants. They have brief discussion of some of the important thermal and hydel installations in India. The seminar ended with the student's interaction. At the end of the session Mr. Arun Kumar. N, Final year delivered vote of thanks.

Number of Student attended	:37

Summary of the Guest lecture:

Ms. P. Mounika, and Ms. K. Priyadharshini, of Third year Electrical and Electronics Engineering presented a seminar talk on "Paper Battery". They organised the talk in the following topics.

1. Introduction to Paper battery
2. Fabrication of paper battery with carbon nanotubes
3. Construction and working of paper batteries.

They described meaning of paper battery and fabrication of such batteries in detail. They explained how electricity can be produced from a paper battery. Also discussed the relative advantages and limitations of paper batteries compared to the conventional one. Potential areas of applications are also discussed at the end of talk. The seminar completed with the student's interaction. At the end of the session Ms. Sneha. M, Second year delivered vote of thanks.

DEPARTMENT OF SCIENCE & HUMANITIES
SHANMUGANATHAN ENGINEERING COLLEGE
ARASAMPATTI – 622 507

DEPARTMENT ACTIVITY REPORT FROM JUNE 2022 - APRIL 2021

MOTIVATIONAL PROGRAMME

The Science and humanities department conducted a student motivation program on 24.06.2022. Ms.RV.Thenmozhi, 1st year student welcome and the gathering the function. Dr.KL.Muthuramu, Principal felicitated the program.

The Chief guest and speaker of this program was Mr. K.Valliyappan, Government Higher secondary School, Thirumayam as Post graduate Tamil teacher. The Chief guest who himself is a source of motivation to students gave encouraging examples from her own life and inspired students to be a self-motivator. He discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This program helped for first year students to be guided by a positive mind and driven by self-motivation. Mr. B.Vijay, 1st year student, proposed vote of thanks.

SPORTS DAY AND ANNUAL DAY

Our College celebrate 21st sports day and Annual day celebration on 16.06.2022. Our First year students participated in various events and get the medals and certificates.

BLOOD DONATION CAMP

Our NSS units of Shanmuganathan Engineering College organized a Blood donation camp on 08.06.2022. Govt.Medical college – Pudukkottai, Govt.Blood Bank-Pudukkottai and UGPHC-Nachanthupatti jointly organised in the blood donation camp. Our First year students 08 members donated their blood.

HIV-AIDS AWARENESS PROGRAM

Tamilnadu state AIDS control society and YRC/RRC cell of our college jointly organized a HIV-AIDS awareness program on **17.05.2022** Tuesday.

Mr. KM.Ramasamy, Positive speaker, President-PDPS+ addressed the function. All the first year students attended this function.

GUEST LECTURE

The Ninth association activity is held on **27.05.2022**, **Dr. S. Ponmani, Assistant professor/Physics**, deliver a special session to all the first year students on the topic of **SYNTHESIS AND CHARACTERIZATION OF POLYMER ELECTROLYTES**. All the first year students were benefitted.

NATIONAL LEVEL TECHNICAL SYMPOSIUM

A National level Technical Symposium **TechieFest 2022** is held on **25.05.2022 (Wednesday)** exclusively for first year students.

Dr.KL.Muthuramu, Principal & the special guest Dr. N. Suganthy, Assistant Professor, Department of Nano science & Technology, Alagappa Univeristy inaugurated the symposium. The special guest gave a key note address on the recent developments in Nano science and technology. Dr.P. Manikandan, Correspondent and Dr.KL. Muthuramu, Principal distributed the prizes to the winners in the valedictory ceremony. More than 80 students from the various colleges have participated in the symposium.

GUEST LECTURE

The Eighth association activity is held on **20.05.2022**, **Ms.K.Divya**, **Assistant Professor/Chemistry**, deliver a special session to all the first year students on the topic of **DEVELOPMENT OF POLYMER NANOCOMPOSITE PROTON EXCHANGE MEMBRANES FOR ELECTROCHEMICAL ENERGY DEVICES**, all the first year students were benefitted and get the knowledge from different types of polymer and their uses.

GUEST LECTURE

The seventh association activity is held on **13.05.2022**, at smart classroom no. 106. All the first year students and all the faculty members from the department of science and humanities attended the function.

Ms. R.Kalliammal, Assistant Professor/Physics deliver a special session on the **CRYSTAL GROWTH FOR NONLINEAR OPTICAL APPLICATIONS**, all the first year students were benefitted and get the knowledge from crystal growth and types of crystals.

TECHNICAL SEMINAR

The sixth association activity is held on **07.05.2022**. The student from the ECE department **S.Rajeshwaran** presented on the topic of **Processor**. All the first year students were benefitted and acquire the knowledge of processor.

QUIZ PROGRAMME

The fifth association activity is held on **06.05.2022**, **RV.Thenmozhi** and **R. Sundharavathana** were conducted quiz for all first year students. All the students were actively participate and enjoy the session.

QUIZ PROGRAMME

The Fourth association activity is held on **29.04.2022**, The student from the Civil Engineering department **A.Abirami** and **M.Swathi** conducted quiz for all the first students.

MOTIVATIONAL PROGRAMME

As a part of association activity, Motivational programme were conducted on **23.04.2022**, Principal and all the department HoD's were present on that event and students were motivated.

SPEAKING SKILLS

The second association activity is held on **22.04.2022**, at Smart classroom No. 106. All the first year students and all the faculty members from the department of science and humanities attended this function.

The student from CSE department **S.Kaviharshini** and **N.Kanagadharshini** were actively participated in the interactive session on speaking skills. The first year students were benefitted and acquire the knowledge of the speaking skills and they improve the speaking skill knowledge.

SPEECH COMPETITION

Tamil development department (Pudukkottai District) organized a speech competition to commemorate the birth anniversary of Dr.B.R.Ambedkar on **19.04.2022** at Ranees government Girls Hr.Sec.School,Pudukkottai. Our first year CSE Department student **K.Thrisha** YRC/RRC volunteer participated in the speech competition.

. TECHNICAL SEMINAR

The first association activity is held on **09.04.2022**, at Smart classroom No. 106. All the first year students and all the faculty members from the Department of science and humanities attended this seminar.

The association activity was inaugurated with welcome address by the head of the department Dr. N.Vennila.

The student from the CSE department **A.Maheshwari & S.Alagia Anna Poorani** were presented on the topic of **Electric vehicles**.

Then **CT.Swetha** and **R.Soundariya** were presented on the topic of **Mars**. students get knowledge from electric vehicles and mars.

NSS Unit Organised Covid Medical Insurance Scheme for All Employees of Our College on 24-06-2021

Corona Medical Insurance for all staff of the College on behalf of NSS unit of Shanmuganathan Engineering College. This has resulted in numerous casualties so far. And there is the dilemma of having to save lives by spending large sums on private hospitals. As a result, many people are facing great difficulties economically. With this in mind, it was decided by the management of Shanmuganathan College of Engineering to provide corona medical insurance to all the staff, from the basic staff working there. Accordingly the full premium for Corona Medical Insurance of all the staff of the College was paid on behalf of the College Administration. Dr. Pichappa Manikandan, Rector of the College presented the check and contract form for the full premium to Mr. Selvaraj, Principal Consultant, United India Insurance Company, Karaikudi today (24-06-2021). The event was attended by the College Secretary Mr.M.Viswanathan and the Chief Minister Dr. KL. Muthuramu. The professors, office staff, laboratory assistants and all the staff expressed their heartfelt gratitude to the college administration.
